# ADAM WILLIAMS

williams.adam.charles@gmail.com github.com/awilliams Denver, CO

**Profile** 

Professional software engineer with 10+ years experience in a variety of roles. Focused on Go, clean code, simplicity and supporting all team members. Experienced with leading remote teams.

**Technical** 

Go, Ruby, Javascript Java, Swift, Python Kubernetes, Helm

Git, SVN

Puppet, Ansible Openstack, AWS

Experience

Comcast

February 2015 - Present

Engineer Level 4 Comcast Cable

Design and build native Go client for Apache Pulsar, collaborating with core project developers. Project was released as open-source by Comcast (github.com/Comcast/pulsar-client-go).

Develop application that allows set top boxes to communicate with Comcast infrastructure, written entirely in Go to replace third-party C++ product. Develop core components used for TCP & UDP communications. Use specification documents to implement protocols. Communicate with other teams to clarify requirements and help troubleshoot.

Use Kubernetes and Helm for national deployment across multiple data centers. Develop custom CNI plugin.

Create video decoding software using Go.

Implement custom network monitoring application. Uncover, debug, and resolve obscure DNS issue causing problems in production environments.

Setup automated testing, run load tests, analyze and correct performance problems.

#### **Technologies Used:**

- · Go, Bash
- · Apache Pulsar
- Kubernetes, Helm, CNI
- · Puppet, Chef, Ansible

Cabify

October 2013 - February 2015

Senior Developer cabify.com

Implement new features and modify existing functionality using RoR, Node.js, Go. Introduced Go to the company, which let to replacement of most Node.js services. Provision and maintain servers with Ansible, Bash scripts, and Go binaries deployed on Linode and AWS in multiple regions for service provided in 4 countries. Monitor systems with InfluxDB and manage CouchDB replication/backups. Build internal tools used for development: chat bot for automated tasks, Github to Trello service, ssh/config management tool, and a dashboard / weekly automated email.

#### **Technologies Used:**

- Ruby on Rails (4.x) with Ruby 2.x
- · CouchDB, Elasticsearch, Redis, ZeroMQ, Go, Node.js
- · Ansible, Linode
- Android

### **Incuentra Technologies**

July 2010 - October 2013

Lead Developer

www.incuentra.es

Led project creation from idea to production stage. Design site architecture and programmed both front and backends. Integrate with third parties via REST interfaces. Leverage Amazon's EC2, S3, RDS, and IAM services. Maintain servers using Chef and Unix tools. Continuous deployment with capistrano. Design and implement ideas presented by members of the company via user stories. Write unit and integration tests. Localized version for Mexico.

## **Technologies Used:**

- Ruby on Rails (2.x and 4.x) with Ruby 1.8.7 and 2.0.0
- · MySQL, Solr
- VirtualBox, Vagrant, VeeWee, Ubuntu, Amazon Web Services
- · Chef, Capistrano
- Google Prediction API

DixiMedia

December 2008 - July 2010

Developer

www.lainformacion.com

Developed the online newspaper frontend using PHP and the Zend framework. Developed the CMS used by journalists with PHP and Ext JS.

Just Landed

June 2008 - December 2008

Developer

www.justlanded.com / community.justlanded.com

Developed the Ruby on Rails website using MySQL database.

Ministerio de Educación

October 2007 - May 2008

Language and Conversation Assistant

Taught English, designed lesson plans in Spanish primary school.

MoCo Inc

May 2007 - October 2007

Web Developer

Collaborated with clients to provide solutions with Symphony framework in PHP.

Univ. of Minnesota Intercollegiate Athletics Web Developer

September 2004 - May 2007

Developed intranet using a LAMP stack. Provided helpdesk support and live statistics for sporting events.

Interesting Presenter at Reston Golang, Madrid Golang and Madrid Ruby user groups Co-organizer of Madrid Go meetup

Human English (native) Spanish (fluent)

Education University of Minnesota

Languages

Dual Major, B.S. Mathematics and B.A Spanish Studies
